1936 PRICE LIST

Lone Tree Dahlia Gardens

GREETINGS:-

To All Flower Lovers.

It gives me much pleasure to send you my 1936 price list of Dahlias, Cannas, Glads, Mums and Plants. I wish to extend to you my appreciative thanks for your generous patronage in the years that have passed.

In looking over this list, you will find the best of the medium priced dahlias and other bulbs in both separate varieties and collections. I feel quite sure that you will find many to your liking and may I ask for the same good will for the coming year?

Yours for better flowers.

Mrs. Cortis Ray.

Member of American and Indiana Dahlia Societies

VISITORS ALWAYS WELCOME

An invitation is extended to everybody, to visit the gardens in bloom. This is the best way to select your bulbs for the next season. Dahlias best blooming time is in late September and all of October until frost. Farm is located one mile south of Greensburg on State Road 29, then turn south 2½ miles on Millhousen road.

GENERAL INFORMATION

Guarantee - All bulbs and plants are State inspected during the growing season and again in storage. All shipments carry the inspection certificate. You are guaranteed to receive bulbs true to name and in good growing condition upon arrival. If for any reason it is found otherwise, please return the bulbs and they will be cheerfully replaced. However, upon arrival, plant your bulbs in a pan of moist earth until growth can be seen. Then transplant to the garden.

Orders are booked and filled in the order received. Shipments starting April 15 and continuing until the end of the season.

Early orders are advised as then you are assured the varieties wanted. Later some varieties may be sold out and rather than disappoint you I will substitute another equally as good or better, unless you state otherwise.

Other Varieties - I grow many varieties in smaller quantities that are not listed. Write your wants and if I have it I'll be glad to spare you a few bulbs.

Larger Quantities - If interested in any variety of roots in larger quantities write your wants and prices will be quoted accordingly.

Clumps at Digging Time - I issue no fall list but if you are interested in clumps in the fall, write me for prices.
